NSW North Coast House
New South Wales, Australia

This exciting modern residence is located next to Diamond Beach on the mid north coast of New South Wales. On a flat site with modest views over wetlands, the house itself, rather than a stunning view, became the project’s central feature – and how well this striking house deserves that prominence. A beautiful central court is warmly embraced by four unique components, each of which has an individual roofed deck, housing hammocks inviting relaxation, a dining space or the entry. Simple sliding screens close off the decks at the edge of the building, providing security and welcome protection against harsh sunlight and strong winds. This dazzling dwelling would surely be an idyllic place in which to live.
From above to below: section, living room opens up to grassy roof terrace.
